University for Digital Technologies  
in Medicine & Dentistry  
Luxembourg

Congratulations for your decision to invest in your professional development.

An investment in one's own education is the best decision because it increasingly determines individual career and life opportunities. Neither interest nor stock returns can keep up with a good postgraduate university degree.

This information brochure gives you an overview of the East European master's program in Implantology & Periodontology at the DTMD University for Digital Technologies in Medicine and Dentistry.

New digital technologies will fundamentally change dentistry. Therefore, a postgraduate master's program in Implantology & Periodontology is central to your professional and personal development and career.

The ISO-certified DTMD University is an international network operated and coordinated as a private university under Luxembourg law and is based at Wiltz Castle in Luxembourg.

DTMD University integrates highly qualified professors and lecturers, accredited academic medical practices, accredited associate and partner institutes as well as international university cooperations.

Our mission is to provide you with the best framework for effective and efficient learning and acquisition of future-oriented competencies, methods and technologies for periodontology and implantology .

University for Digital Technologies  
in Medicine & Dentistry  
Luxembourg

As a state-recognized "Institut de formation" DTMD University is committed to the stringent high-quality standards of the Bruges/Copenhagen-Process and its ISO certification for its extra-occupational postgraduate master's programs.

The Bruges/Copenhagen-Process ensures full transparency as well as a continuous permeability of its study programs.

For further information please contact Prof. Dr. Ata Anil, Vice-Dean International Studies or our Student Advisor, Ms. Yasemin Özüag.

1. Register via the online application form :  
<https://www.dtmd.eu/en/matriculation/>
2. You will be guided step by step through the online application and you have to enter your details.
3. After submitting the form, applicants will receive an overview stating the documents to be submitted and a contract to the email address given in the online form, as well as the first invoice. Please bring the signed study contract with you to the first course in June 2020. The confirmation of your application will be sent exclusively by email.
4. Total costs: 29.800,00 €  
Tuition fees can be paid in 4 instalments or as a one-off payment.
5. The group size is limited to max. 25 students, please send the signed study contract additionally by email to [matriculation@dtmd.eu](mailto:matriculation@dtmd.eu) to secure your study place.
6. After your signed study contract has been received by the Student Secretariat and the invoice has been paid to the following bank account:

**DTMD University IBAN LU04 0019 5055 1668 3000 BIC BCEELULL**

you will get access to

- Office 365 (Word, Excel, PowerPoint, Outlook (personal DTMD eMail address))
- Moodle (Online Learning Platform)

## 1. What are the benefits of DTMD University Master in Implantology & Periodontology?

- Reduced travel time and optimized program.
- Face-to-face modules and e-learning for more effective postgraduate education and training.
- Master thesis Implantology & Periodontology (only one thesis & final exam)  
If needed the exam and the thesis can be made in other languages.
- Future is digital – DTMD University has a strong focus on digital issues.
- Accreditation for postgraduate education by a certified European accreditation agency with special competencies in health care.
- Time efficiency is high and on-site lectures are compact and reduced in time.

## 2. What about the certification of DTMD programs?

- The DTMD University is ISO 29990:2010 certified and committed to the Copenhagen Process for Europe-wide certification of quality standards among providers of learning services.  
The ISO standard 29990:2010 aims at international cooperation in Vocational Education and Training (VET) and puts the competences of the provider of education and training measures in the foreground. ISO 29990 is currently the only specific Quality Management System (QMS) for education and training for which accredited certification is possible.

## 3. What qualifications do I need?

- Graduation of a dental faculty,
- Work experience,
- The DTMD University Examination Board reviews all applications and decides on admission.

## 4. What is the standard duration of study for the master's degree program?

- The regular study period is four semesters.
- Within these four semesters, students must obtain a total of 120 credit points.

## 5. Is there a final exam for the master's degree program?

- The master's program comprises in-course examinations and a thesis.
- There is no single final examination; instead, every course includes its own checks.
- Therefore, the student can actively shape his or her degree every semester.

## 6. Online application

- Online application via: <https://www.dtmd.eu/en/matriculation/>
- You will receive an invoice by email as soon as your application has been reviewed.
- After receipt of contract you can send us your CV/diplomas by email to: [Matriculation@stud.dtmd.eu](mailto:Matriculation@stud.dtmd.eu)

## 7. What if you cannot participate in a module?

- Validation is possible (You must attest certificates/diplomas with same topic).
- You can visit the same module in another program (tbd with Vice-Dean/Student Advisor)
- Participation in a scientific organization such as course or meeting with the same topic.

## 8. Is there a deadline concerning the thesis? Is it possible to prolong the period?

- Yes, there is a deadline! You will be informed by your Student Advisor and Thesis Supervisor.
- Yes, there is a possibility to extend the deadline! In this case you must apply for an extension.

## 9. How to write your thesis? How to find a thesis supervisor?

- Guidance concerning your thesis will be send to you asap by DTMD staff.
- A supervisor will be assigned to you by the university.
